

## Schedule of Topics reviewed before Sub-Governance Task Force Meetings

The Governance Task Force has organized into two sub-teams to focus on the work required to complete. One sub-team will work on ordinances, policies, resolution, motion, and procedures. Their goal is to define each of these different legislative actions and review legislation already approved. The second sub-team will focus on the state charter. Each sub-team will work on their topics and bring their work for review and final approval to the entire Task Force. We have developed the following table for everyone's review to keep everyone informed of when and what each sub-team will be reviewing. This table is a guide that we hope to follow but may change as time moves on.

<b>Month</b>	<b>Sub-Governance Task Force Charter</b>	<b>Sub-Governance Task Force Ordinance and policies</b>
March	Preamble Define the type of Government	Define types of Government actions
April	Preamble Define the type of Government	Define types of Government actions
